

# DOING BUSINESS AT THE SPEED OF TEXT.

**Foresight Intelligence® has been proudly partnering with dealers in the heavy equipment space since 2009.**

- Streamline customer communications with 2-way texting and emailing
- Quick and easy work order assignment and tracking
- Easily add comments, pictures/videos and inspections
- Smooth integration with additional modules:
  - Alert Triage Center™ (Machine Monitoring)
  - Fleet Intelligence™ (Rental + Service Fleet Management)
  - PM Plans
  - Real-time KPIs for all dealer departments
  - etc ...
- Communication archive for future reference
- Labor cost savings with unified service department workflow
- Automate service satisfaction surveys
- Accelerate estimate approvals and minimize disputes
- One step payment processing
- Provide a 5-Star customer experience

New feature releases - coming soon!
